## ORDER

People of MI v Eric Raymone Brooks

Docket No. 282355

LC No. 07-000172-FC

---

The Court orders that the motion to remand is DENIED. Defendant's arguments substantially constitute assertions that the trial court abused its discretion in denying his motion for a new trial or an evidentiary hearing and his motion for access to certain cellular telephone records. Without addressing the merits of these arguments we believe they are more appropriately addressed to a case call panel of this Court because they involve reviewing claims of error by the trial court. Accordingly, this order is without prejudice to defendant raising the matters underlying the motion to remand in his brief on appeal.
